■ Will also service all 1954 and 1955 (Early) if a 5/16" inverted flared connector is installed between pump and line.

*Tailor-made line must be used as it is a combination of preformed steel tubing and flexible hose with special fittings.

●1935 Models—Use make up line on Engine No. 2100000 to 2107217. Use GL-33 on Engine No. 2107218 and up.

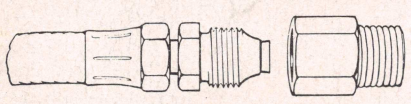
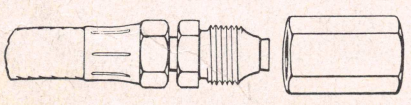
ADAPTERS FOR USE IN REPLACING FRAM AND PUROLATOR FLEXIBLE OIL FILTER LINES WITH AC



Adapter type No. OF-10 for Fram lines



Adapter type No. OF-11 for Purolator lines

Most Fram or Purolator flexible oil filter lines can be easily replaced with an AC Flexible Line of the same length, using an AC Adapter.

NOTE:

Always attach the adapter to the swivel dole fitting end of the AC Flexible Oil Filter Line.
